Expect to have the gringles as it seems the fashion to

POST CARD

Miss Ruth Hedden
Terrace Street
Carbondale Pa

This side for the Address.

Neither John nor I has ever seen this post card before. The Xerox copy that is shown here is, regrettably, not very good. It is an excellent historical document: very informative photograph; post card dated January 10, 1907, Dunlap.

It is interesting for Job's biography to note that he has identified himself as the "Building Superintendent" of the Carbondale Public Library. He began working at the CPL last Friday, September 16, 1983.
